

FOOD SAFETY RISK

Manual temp checks are inconsistent, skipped under pressure, and leave no audit trail when it matters most.

HACCP COMPLIANCE

Regulators require documented critical control points. Paper logs fail inspections and invite liability.

OPERATIONAL WASTE

Overcooked or undercooked product means thrown-out food, re-fires, and unhappy guests – every shift.

THE WYZETEMP NEXUS SOLUTION

REAL-TIME WIRELESS MONITORING

Multi-point probes with 4 sensors report temperatures at multiple depths – no more guessing the coldest point.

AUTOMATIC CLOUD LOGGING

Every reading is timestamped and archived automatically. HACCP documentation complete before the shift ends.

NEXUS TOUCH CONTROLLER

NEW 7" touchscreen hub provides live multi-probe readings at a glance. Minimal training required for staff.

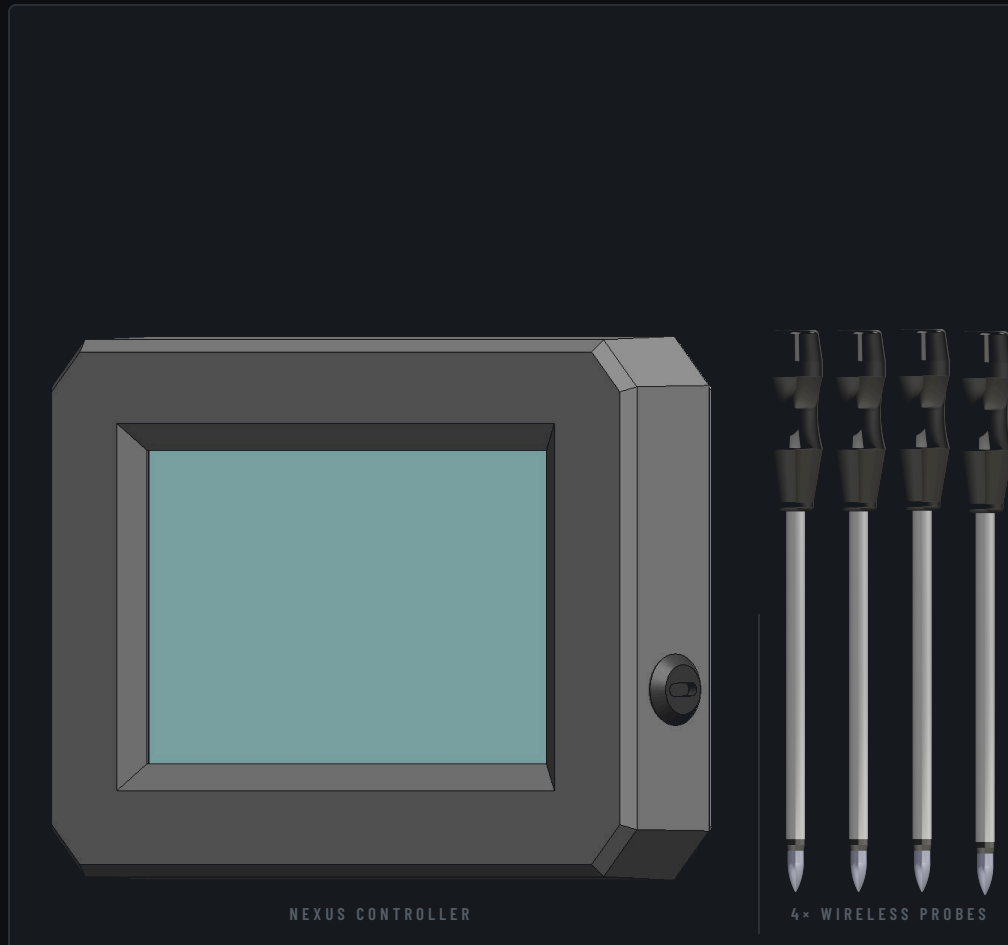

SELF-INSTALL IN MINUTES

No IT. No contractors. Auto-pairing and auto-calibration – your team monitors product same day.

SYSTEM COMPONENTS

- **Nexus Controller** – NEW 7" touch display, live multi-probe dashboard, WiFi + cloud, flexible VESA mount
- **Wireless Probe** – dishwasher-safe, 575°F handle rating, 4 sensors (3 shaft + 1 ambient), 4.2mm dia.
- **Charging Dock** – fast-charge base, overnight auto-calibration, magnetically attached, 5V input
- **Patented Tip-Charging** – U.S. Patents 12,222,247 & 11,596,266; only viable indoor wireless probe

NEXUS CONTROLLER

4 x WIRELESS PROBES

STARTER PACKAGE
Nexus Starter Kit

- 1x WyzeTemp Nexus Controller
- 4x WyzeTemp Wireless Probes
- 1x Charging Dock
- 1x Cloud Account (1 yr incl.)
- ✓ Self-Install. No IT needed.

\$999

Everything to get started.
Volume & OEM pricing available.

KEY SPECIFICATIONS

MAX TIP TEMP	212°F
MAX HANDLE TEMP	575°F
SENSORS / PROBE	4 (3 shaft + 1 ambient)
PROBE DIAMETER	4.2mm
PROBE LENGTH	4.8" / 122mm
ACCURACY	±0.5°F typ
DISHWASHER SAFE	✓ Yes
NEXUS DISPLAY	7" Touch LCD
CONNECTIVITY	WiFi / Cloud
AUTO-PAIRING	✓ Yes
AUTO-CALIBRATION	✓ Yes
MOUNT	VESA (flexible)

DESIGNED FOR

- QSR CHAINS
- CASUAL DINING
- RETAIL DELI
- GROCERY
- C-STORE
- OEM MFG.
- COMMISSARY
- FOOD SERVICE

Patented Technology

U.S. Patents 12,222,247 & 11,596,266.
Proprietary tip-charging – the only commercially viable indoor wireless probe available worldwide.
